

## **13th International IUFRO Wood Drying on wood drying in developing countries**

**September 5-9, 2016 Istanbul, TURKEY**

**URL:**<http://www.wdc2016.org>

**Dear Colleagues, Friends and Brothers;**

We cordially invite you to attend the 13th International IUFRO Wood Drying on Wood Drying Technologies which will be held between 05 September and 09 September 2016 in Turkey (Istanbul). The main aim of the conference is to bring researchers and practitioners together from academia and industry in an interdisciplinary environment to present their works on the development and applications of informatics methods and tools in wood drying technologies. This time, we hope to offer you something rather different, but more exclusive: Istanbul, being as world city, is located at the intersection of European and Asian continents. It has been home to countless civilizations and cultures throughout the ages, for centuries various religions, languages and races of people lived together. The city, like a mosaic, has preserved its unique cosmopolitan and metropolitan structure. This means you will have a good chance to experience perfect natural views in Istanbul and also visit the world famous Hagia Sophia Museum and Topkapı Palace in Istanbul.

To find further information regarding organizational remarks, the program topics and the submission of abstracts, please visit our conference website <http://www.wdc2016.org/>

We hope to share a successful and enjoyable meeting with you and re looking forward to seeing you in Istanbul. We encourage you to bring your family so that they also enjoy the pleasure of visiting one of the most beautiful cities in the world. If you join us, you will have an amazing experience and good memories to take back home.

Kind regards,

**On behalf of Organizing Committee;**

Prof. Dr. Oner UNSAL  
Istanbul University, Turkey

Assoc. Prof. Suleyman KORKUT  
Duzce University, Turkey  
E-mail: [suleymankorkut@hotmail.com](mailto:suleymankorkut@hotmail.com)

## **Conference Topics**

The Conference theme will focus on “wood drying in developing countries”.

- Drying Quality and Wood Properties
- Methods for Monitoring the Drying Process
- Physics of Wood Drying and Modelling
- Applied Wood Drying
- Alternative Drying Methods
- Wood Modification Related to Drying
- Miscellaneous Drying Technologies

## Conference Language

The official language of the conference is English.

## Conference Venue

WDC 2016 will be held at University of Istanbul, Faculty of Forestry in Istanbul, Turkey.

## Key Dates

June, 2015 First announcement.

August, 2015 1st call for papers/posters. Pre-registration.

December, 2015 2nd call for papers/posters and abstracts for peer-review.

January, 2016 3rd call for papers/posters and abstracts for peer-review.

February 1st, 2016 Dead-line to send final title and abstract for peer-review.

March, 2016 Information via e-mail of decision of acceptance of papers/posters.

May, 2009 Announcement for Final Registration

July 30, 2016 Deadline for submission of the final camera-ready papers

August 20, 2016 Deadline for early payment of fees.

September 05-09, 2016 13th International IUFRO Wood Drying Conference.

September 10-11, 2016 Post-conference tour.
